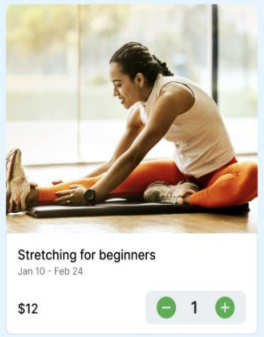
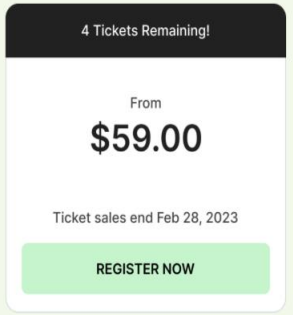
Create campaigns, accept donations, promote sponsors, source items, and run online silent auctions and raffles.



eCommerce Marketplace

Build an online marketplace, manage orders, create bundles, and apply special discounts to products.



Events & Programs

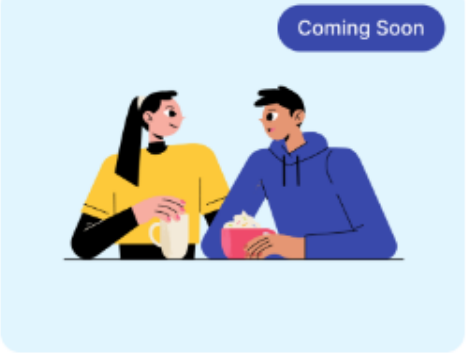
Set up and sell tickets to events and programs, promote and manage attendees, and monitor activity.

Membership Management

Create, manage, promote, and sell memberships to your community members, and streamline renewals easily.

CommuniBee™

Stay Organized

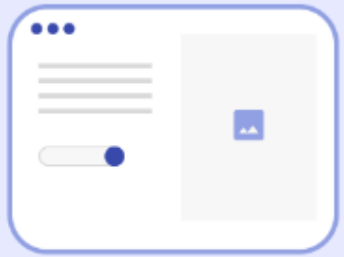


Team Management

Get your team involved! Manage staff and volunteers by controlling the admin functions they have access to.

Documents & Directory

Stay organized by making key documents and contact details available to your staff and community members.



Website Management

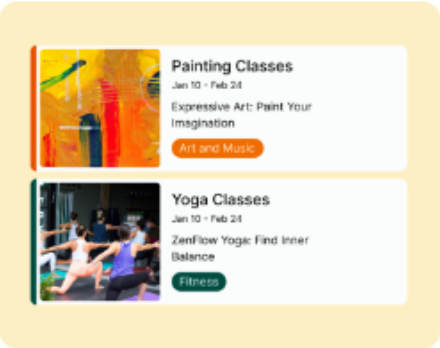
Use samples to build a new website or integrate pages like a marketplace or event calendar to an existing site.

Reporting & Analytics

Monitor your community's performance in real-time through our executive dashboards and exportable reports.

CommuniBee™

Reach Your Audience

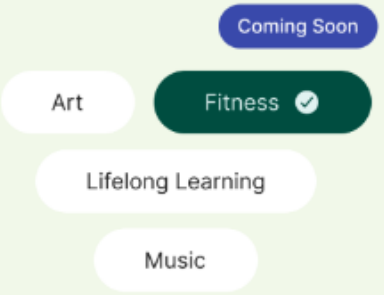


Posts and Newsletters

Keep community members engaged and informed by sharing content through an active, real-time news feed.

Email Marketing

Create email campaigns that can be targeted to specific audiences within your community and scheduled in advance.



Content Targeting

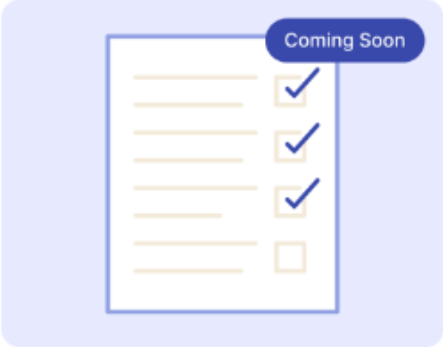
Users can filter content by interests, and admins can create cohorts like volunteer groups, board members, etc.

Multilingual

Automatically translates to over 120+ languages, supporting our diverse communities and promoting inclusivity.

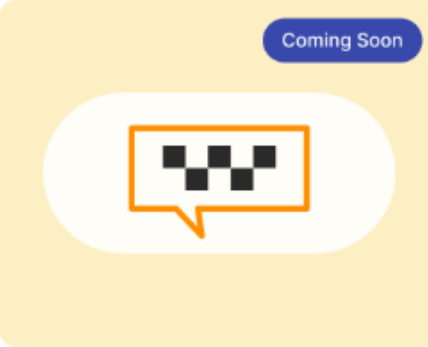
CommuniBee™

Boost Engagement



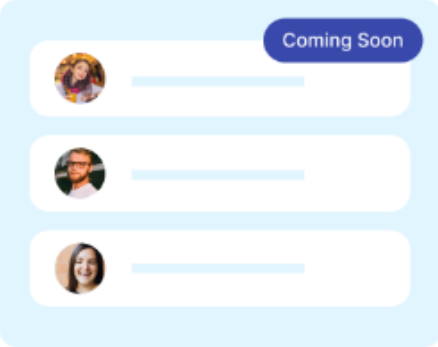
Surveys

Create surveys that can be sent out to your community members and get immediate feedback at any time.



Communications

Receive email and SMS notifications, and create self-moderated discussion forums for you and your network.



Integrated Support

Monitor and manage user requests through the dashboard rather than getting swamped by support emails.

Artificial Intelligence

A multilingual AI chatbot designed for your community. Ask questions in any language using text or voice prompts.

CBS – Ideal Customer Profile (ICP)

"A community engagement app providing a centralized 'one-stop' solution for your organization to manage and promote your news, programs & events, marketplace, sponsors and fundraising activities."

- Our Ideal customer
  - Non-profits, charities and to a lesser degree, for-profit organizations
  - Organizations that use several e-commerce features/services in CBS
    - One-stop for many of their needs
    - Setup a store – sell merch
    - Many chargeable programs or events – e.g. tickets (replace event-brite)
    - Donate now (replace Canada-helps site)
    - Ongoing Fundraising campaigns
  - Orgs that do only raffle or auctions – are still a target – lumpy rev$, but still good to keep/grow (and expand to other CBS features)
